## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-32 are allowed.
2. The following is an examiner's statement of reasons for allowance: Upon review of the amendment filed on February 24, 2004 and the prior art of record no aircraft drive unit exists that combines an air propeller and internal combustion engine comprising a transmission, a crankshaft, reduction gearing, torsion vibration damper and torsion bar disposed between a first end of the crankshaft and the transmission.

This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
